

Emergency Affiliate Back-up Internet Stream

For emergency use, affiliates can access a higher quality stereo Internet stream of our MB1 programming. By manually adding <http://primary.moodyradiostream.org/netbackup.mp3> in any number of media players, it will directly connect to a 96kbps MP3 Pro stream.

If you are experiencing technical difficulties, we would be happy to assist you. Please call or e-mail Moody Radio Integrated Marketing Communications. Or if our office is closed, you can also call Satellite Operations which is available 24 hours a day, seven days a week.

Satellite Operations Contact Information

Phone: (312) 329-4145

To hear what is currently airing on MB1, call (312) 329-2031. This line samples the Chicago downlink of audio from MB1 via SES-2, Transponder 17(H) on the XDS-PRO satellite receiver, to serve as an affiliate aid in verifying the status of our MB1 programming feed.
